At Play it Again Sports

**BASEBALL/SOFTBALL TRAINING FACILITY**

Play It Again Sports is the home of the Dugout indoor baseball/softball training facility. The facility is surfaced with state of the art 42 ounce field turf. The training facility gives the ability for pitchers to throw at full length from ProModel pitching mounds and softball pitching mats. The cage allows batting practice to be done from either live pitching or from JUGS or ATEC pitching machines. Fielding drills may also be done by moving the easily retractable cages.
